Dear Valued Buchanan Community Schools' Parents,

Buchanan Community Schools' Parent Advisory Committee is reorganizing for the 2021 year and is seeking interested parents who wish to assist the Superintendent and Board Members in making valuable improvements for our district.

Purpose of the Parent Advisory Committee is to:

1. Advise school administrators regarding school practices and concerns.
2. Serve as an information conduit for other parents regarding school matters.
3. Suggest ideas which will benefit students at Buchanan Community Schools.
4. Discuss current issues in education which may influence our students.

We are seeking parents from each elementary building and secondary buildings to serve on this district level parent advisory committee. This committee will meet four times a year with the purpose of meaningful dialogue that will support effective parent involvement.

We would like to invite you to become a member of the Parent Advisory Committee. We are looking for 10-15 diverse individuals to create the team. Please respond to our Google Survey to register. [Click here for Registration.](#)

We plan on contacting selected members by January 8th, 2021.

Thank you for considering joining our Parent Advisory Committee.

Educationally yours,

Patricia Robinson
Superintendent
