

“Mrs. Teshka was Peyton’s first teacher to believe in him and show him kindness. Her impact has been long lasting and helped him thrive!”

-Lindsay Fulford
Former Moccasin Elementary Parent

#LearnbyHeart

At Buchanan Community Schools, we **LEARN BY HEART!**

Years after he was in her class, previous Buchanan parent Lindsay Fulford is still saying “thank you” to her son Peyton’s third grade teacher.

"Prior to Mrs. Teshka, he was labeled a child that was over active, as well as having listening and behavior issues," Ms. Fulford said.

Ms. Fulford said that not only did Moccasin Elementary teacher Nicole Teshka, believe in Peyton, she encouraged his creativity and helped him believe in himself.

“She made a huge impact on his desire to try his best and to believe he was capable!” she said.

The impact that Mrs. Teshka had on Peyton when he was just a third-grader is now shining through as he enters high school in the fall in South Carolina.

"Mrs. Teshka was Peyton's first teacher to believe in him and show him kindness," Ms. Fulford said. “He's an honor student entering Advanced Placement courses in 9th grade. He's a part of wrestling and joining Junior Reserve Officers Training Corp.”

“Her impact has been long lasting and helped him thrive!”

Thank you to Mrs. Teshka for making a long-lasting impact and showing all students how to Learn by Heart!
