October 10, 2022

Dear Buchanan Bucks Families,

Last school year our spring break was moved to the third week of March. This was done to align students' learning for those participating in College Coursework and provide a gap between Spring Break and Statewide Assessments. Berrien County Districts are seeking input as we begin to look at the schedule for the Spring of 2024 and beyond.

Please take a moment to provide the superintendents of the Berrien County Public Schools with information regarding the scheduling of spring break beginning in the Spring of 2024. The survey will remain open until October 30, 2022. This information will be considered in determining when the 2024 spring break should be scheduled.

Thank you in advance for your time.

Educationally yours,

A handwritten signature in black ink, appearing to read "Pat L. Robinson".

Patricia L. Robinson
