

Shako & Helmet Carry Case Specifications

Headwear carry case is “Shako-Mate” or equivalent.

MATERIAL: Co-Poly Polypropylene. This material is heat resistant to prevent melting and cold resistant to prevent breakage due to the material becoming brittle.

DIMENSIONS: 12” x 12” x 8” to accommodate headgear and various accessory items.

HANDLE: The handle is rounded with the latch placed behind the handle. Boxes with the handle on top, preventing ease in removal from stacked position, are unacceptable.

Shako-Mate has a black pebble grain finish to compliment appearance and prevent scratching.

Shako-Mate is stackable to allow for storage. Stacking nodes are to be on underside of container with receiving units on top.

Inside of Shako-Mate will be reinforcement flanges to allow for stability and to aid in stacking.
