Superintendent Evaluation 2024

The board completed Superintendent Patricia Robinson's evaluation at the December 16, 2024, Board of Education meeting. Ms. Robinson continues to provide outstanding levels of communication across the district and community. Her staff and community relationships are of vital importance and has been an area of strength for several years. She continues to have a high level of engagement throughout the school district and community.

Ms. Robinson's goal oriented approach creates transparency and a unified mission for the district. There has been appropriate focus on oversight of many budgetary aspects including contract negotiations, a changing landscape of monies from the state, acquiring grants to aid in the district's needs, and spending on the facilities or greatest needs of the district. Ms. Robinson continues to be an incalculable asset for the district with her excellent leadership and drive to continually improve the schools for our students and community.

The board is pleased to have Patricia as the Superintendent and looks forward to continued success in 2025.
